Coding Temple Flex Software Engineering Enrollment Agreement

The enrollment agreement is the contract signed between the Student and the institution. The agreement specifies the conditions under which the school will provide instruction to the Student, underlining all costs a student must pay to enroll. The Student must sign and date the following agreement before the first day of education.

Student Information

First Name Sebastien   Last Name Dupont

Address: 7247 San Miguel Ave, Lemon Grove CA

Phone: (805)280-5285   Email: dupontseba@hotmail.com

Date of Birth: 05/21/2003

Emergency Contact: Sandra Ige   Phone: (805)259-9620

Relationship: Mother

Coding Temple is an immersive training program. The course of study will include the fundamental skills necessary to learn software engineering and the ability to practice those skills manually. By enrolling in this program, the Student should complete all modules, homework, projects, and all coursework provided by the instructor.

ACCESS

Student will have access to the Flex program for 6 months.

Tuition for the Student is _____$9,500_____ for access to the course of study. This includes instruction, materials, and use of faculty. This amount shall be paid according to the following schedule:

Financing Option:__Student Loan - Climb__

Total tuition:____$9,500_____

Discount:____$1,750_____

Deposit:____$0_____

Remaining Balance:____$7,750_____

PAYMENT METHODS & POLICIES

UPFRONT / DIRECT PAYMENT

Coding Temple accepts the below methods of direct payment. • ACH Bank Transfer • Credit Card (3% convenience fee may be applied to all credit card payments) • Check / Wire Transfer

FORCE MAJEURE

Neither party shall be liable for any delay or failure in the performance of any part of this Agreement to the extent that such delay is caused by events or circumstances beyond the delayed party's reasonable control.

EXTENSION POLICY

Students who want to extend their Flex program must be in good academic standing and fill out the Student Success Form to work with Student Success on qualifications. Extensions are taken on a case-by-case basis and are subject to a $1500 3-month extension fee.

Career Partnerships

Coding Temple agrees to provide a gateway to employment through recruiters and connections with appropriate companies upon course completion. Allow recruiters to publicly market resumes by posting to online job boards. In addition, Coding Temple will provide job prep, career coaching, and complete assistance in getting the Student placed into a job.

CANCELLATION, TERMINATION, AND WITHDRAWAL

No Cancellation
Once the Student has access to the program, there will be no cancellation due to the nature of the content access they are given.

School's Right to Terminate
Coding Temple reserves the right to terminate a student for unsatisfactory progress, failure to comply with the Coding Temple Code of Conduct, nonpayment of tuition, or any other breach of the student's agreements with Coding Temple. In such a case, the school will review the student's violation of the policy or contract, and if a dismissal is warranted, no refund will be given.

No Withdrawal
Once the Student has access to the program, there will be no cancellation due to the nature of the content access they are given.

Graduation Requirements

Please satisfy, Coursework/Project, Technical, and Careers Team requirements and/or deliver an approved Capstone project to avoid dismissal from the program and an inability to graduate. Code written for the required capstone project must be of the student's intellectual property (IP) or, at the very least, be available for explanation upon request if sourced from a credible outlet. Students not on track to graduate will be issued a written warning that will be placed into their Student File. Students who do not progress towards meeting Graduation Requirements after the appropriate intervention will be dismissed and will not graduate from the program forfeiting all rights to Career Partnerships in finding a job.

To qualify for graduation, students must meet the following criteria:
- Tuition paid in full or validated coverage by a third party*
- Meet the following Completion criteria:
  - Complete all coursework assignments and projects before their access to the program ends
  - Complete the Capstone project by the last day of program access
  - Have accumulated 300 points on Codewars by the last day of access to the program

THE FOLLOWING TERMS ARE TO BE INITIALED BY THE STUDENT ENROLLING IN THE COURSE:

1. I, at this moment, acknowledge that the course will be as comprehensive as allotted by time. __S. D__

2. I understand this course will be as comprehensive as time allows, and completion of this course does not guarantee that I will know every aspect of software engineering. _S. D_

3. I understand completion of coursework are required to master this course. I, as a result of this, agree to complete the assigned coursework and attend all scheduled sessions. _S. D_

4. I agree to comply with the financial terms outlined in section B. _S. D_

5. I understand that the school may terminate my enrollment if I fail to follow the financial agreement, complete academic coursework, and/or attend mandatory sessions. _S. D_

6. I have carefully read and received an exact copy of this enrollment contract. _S. D_

7. I understand and completion of coursework are required to master this course. I, as a result of this, agree to complete the assigned coursework and attend all scheduled sessions. _S. D_ I agree to comply with the financial terms outlined in the section "CANCELLATION AND REFUND POLICY. " _S. D_

8. I understand that the school may terminate my enrollment if I fail to comply with academic, and financial requirements or fail to abide by established standards of conduct, as outlined in the school catalog. While enrolled in the school, I understand that I must maintain satisfactory academic progress as described in the school catalog and that my financial obligation to the school must be paid in full before a certificate or credential may be awarded. _S. D_

9. I have carefully read and received an exact copy of this enrollment contract. _S. D_

The Student acknowledges receiving a copy of this completed agreement, the school catalog, and written confirmation of acceptance before signing this contract. By signing this contract, the Student acknowledges that they have read it, understand the terms and conditions, and agree to the conditions outlined in it. It is further

understood that this agreement supersedes all prior or contemporaneous verbal or written agreements and may only be modified with the Student and the School Official's written agreement. The Student and the school will retain a copy of this agreement.

Student Expectations

You are expected and required to attend a 1:1 with one of your instructors to kick off the program. S. D

You will arrive at scheduled meetings on time. If you are running late, please let your instructor know. S. D

Students must score at least 300 points on CodeWars by the end of the course. S. D

You will be an active participant during workshops and group projects. _S. D_

You will be attentive during instructor and guest speaker presentations. _S. D_

You will follow Coding Temple's Slack Guidelines at all times, even as an Alumni. _S. D_

Our behavior policy is based on mutual respect. Everyone (instructors, students, and other Coding Temple Staff) is expected to interact with one another in a respectful manner. You will make your best effort to treat others with respect, and you will Notify Coding Temple management if you feel you have been treated in a disrespectful manner. _S. D_

You will be responsible for the creation of your own software assets unless instructed otherwise. Those assets represent your portfolio of work completed at Coding Temple and show potential employers that you are familiar with the tools and techniques employed by professional software developers. _S. D_

Code written for the required/assigned projects must be of the student's own intellectual property (IP) or, at the very least, be available for explanation upon request if sourced from a credible outlet. _S. D_

A formal "Certificate of Completion" can be requested at the completion of the cohort. An official gradebook of student work is maintained by Coding Temple staff and can be requested after the completion of the cohort. At the conclusion of the course, your portfolio assets will demonstrate competency in course materials. _S. D_

Coding Temple will provide alumni and career partnerships to students who complete the course but will not provide this service to students who have withdrawn. _S. D_

For students using Coding Temple's Careers Team, and to maintain good standing, the following apply:

Must complete your capstone project. _S. D_

Students must meet all Graduation Requirements which can be found in your student enrollment agreement. _S. D_

You will be open to feedback given by Coding Temple Staff and/or External Recruiters during resume creation and interview preparation. S. D

If Coding Temple schedules employment events or additional skills training on your behalf, you will make your best effort to attend. S. D

Must take the Technical Assessment, have a phone Screen, and an approved resume. S. D

Must pass their technical whiteboard session. S. D

Must attend and engage in Job Search Support Workshops held by the Career Partnerships team every week. S. D

Weekly, update your Job Board* (*Huntr or Prentus are Coding Temples only accepted job board providers. Your Career Services representative will direct you to the appropriate board); Apply to 2 roles a day for five days a week. Contact at least five specific individuals at prospective employers, record evidence of such contact, and furnish it upon request by Coding Temple. S. D

Must not commit acts of dishonesty during the application process (i.e., submitting work that is not yours or making misrepresentations to your employers on your resume or otherwise.) S. D

Fill out the Alumni Success Form within one business day of receipt of any job offer, including the date of the job offer, the name and address of the entity extending the offer, and the title and compensation rate of the position being offered. S. D

You must not behave in a manner that violates the Code of Conduct as outlined in the Course Catalog. S. D

If you void any of the previously mentioned terms for Careers Team, you understand you void all access to the team. S. D

Sign below if you fully understand and agree to the Student Expectations outlined above

Money Back Guarantee

Money-Back Guarantee Requirements

To be eligible for the Coding Temples Money-Back guarantee program; you must fully comply with the specified criteria below. You will be eligible for full tuition reimbursement if you do not receive a qualifying job offer within 270 days of your job-seeking start date. "Job-seeking Start Date" is defined as the day after the cohort completion date. Coding Temple reserves the right to consider graduates who do not commence a job search starting on the job-seeking start date or have demonstrated levels of responsiveness and/or job-search activity less than the below requirement such that said graduate would not reasonably be considered to be engaging in a job search, as "not job-seeking." Meeting some or partial requirements does not offer a partial refund. To remain eligible for the Money-Back Guarantee, you must be actively job-seeking and meet all of the following job search requirements during the nine (9)-month period following your job-seeking start date.

ELIBIGBILITY

- Be 21 years of age or older and legally authorized to work in the United States for at least two (2) years consecutively beginning the first day of your job search. US Citizen or green card holder legally and permanently authorized to work in the United States without sponsorship, and who is currently located in the U.S.
- Must be able to pass a background check
- If you financed your tuition, you are in full compliance with the terms of your loan.
- Must complete all assignments and projects. All projects and assignments must be submitted to the Coding Temple student portal.

I UNDERSTAND THAT IF I FAIL TO ACHIEVE ANY ITEM ABOVE THAT I WILL NOT QUALIFY FOR THE MBG AND WILL NOT BE ELIGIBLE FOR REFUND OF MY TUITION OR CANCELLATION OF MY LOAN.

CAREER SERVICES COMMITMENT

- The student must be able to obtain a minimum of 300 points on Codewars to be considered a Graduate of Coding Temple.
- Must complete and pass all Career Readiness tasks that are (a) listed in the curriculum, in the order they appear in the curriculum, and (b) personally assigned to you by the Careers Team. This includes without limitation, taking all calls, all assessments, and passing mock interviews. Failure to pass mock interviews may terminate eligibility for a refund.
- Students must graduate on time to be eligible for Money Back Guarantee. Graduation Requirements can be found in your student enrollment agreement.
- Must take the Assessment, have a phone Screen, and an approved resume within 2 weeks post-graduation.
- Must reschedule/cancel a call with the Careers Team with at least 24 hr notice. 3 cancellations in any capacity will result in ineligibility for Money Back Guarantee.
- A student must have their capstone project 75% completed by the presentation date barring a verifiable emergency.
- Be responsive to communications from the Careers Team, within three business days (or within reason accounting for unforeseen or extenuating circumstances).
- To obtain career support and graduate, students must have at least 300 points on CodeWars to graduate. Coding Temple recommends that a student try to obtain 25-50 points per week, 30 points per week would satisfy graduation requirements.
- Must obtain 75 weekly points on Codewars post-graduation until reaching level four (KYU). Once level four has been obtained, the student must complete 7 Leetcode questions per week.
- Must attend and engage in Job Search Support Workshops held by the Career Partnerships team every week.

- Be available, if invited, to interview for a minimum of three interviews per week.
- Apply to at least 10 position-appropriate in-field jobs each week, 5 days per week, unless your personalized job search plan sets a lower minimum and is documented in writing by the Careers Team. All applications must be tracked on the Job Board.
- Must not commit acts of dishonesty during the application process (i.e. submitting work that is not yours or making misrepresentations to your employers on your resume or otherwise.)
- Weekly, update your Job Board; Apply to 2 roles a day for 5 days a week. Make contact with at least 5 specific individuals at prospective employers, record evidence of such contact, and furnish it upon request by Coding Temple.
- Submit responses to any code challenges associated with any job application on time or within one week of receipt if a due date is not specified.
- Post at least five GitHub commits per week to your public GitHub profile.
- Fill out the Alumni Success Form within one business day of receipt of any job offer, including the date of the job offer, the name and address of the entity extending the offer, and the title and compensation rate of the position being offered.
- You must not behave in a manner that violates the Code of Conduct as outlined in the Course Catalog.
- If a student is in the process of interviewing or awaiting a job offer from an employer or Partner Company set up by Coding Temple at the conclusion of a 270-day job guarantee the period in which the Job Offer Guarantee will be extended until the ongoing interview process has concluded.
- Be willing to work in person in the United States within a reasonable commuting distance from the main work or residence address from which you are job-seeking, and be willing to work remotely from within the United States. Must NOT be restricting the job search to "remote-only" or "location-flexible" roles.
- Have not received and accepted an offer for any paid full-time job (an average of 30 hours or more per week or two (2) or more part-time jobs aggregating

an average of 30 hours or more per week) in the United States as an employee, apprentice, intern or independent contractor: (i) after completion of the relevant program, in any field; or (ii) during your participation in, and prior to your completion of, the relevant prograWeekly definition of a Qualifying Job Offer.

Qualifying Job Offers contingent upon a background check or drug test will be considered to satisfy the requirement at the time of receipt; recipients of Qualifying Job Offers that are revoked following an employee-initiated drug test or background check will not be eligible for any tuition waiver.

If you believe you qualify for a reimbursement, you must provide a written and signed certification that you have met all of the Terms and have not been offered any Qualifying Positions, within one calendar month after the Guarantee Period.

How This Guarantee Applies To You Without limiting the foregoing, situations that void this Coding Temple of Money Back Guarantee include, but are not limited to:

It is your sole responsibility to keep track of all job search required activities. Coding Temple recommends that you keep a written log of your activities, back up all data, and make copies of relevant documentation. Coding Temple may, at any time during the 9 months following your completion of the relevant program, verify your compliance with the job search requirements and ask you for proof of compliance. Failure to present proof of compliance with the job search requirements may result in forfeiture of eligibility for the Money-Back Guarantee.
